FOREWORD

The purpose of this foreword is two-fold: to introduce Philber to you and to reveal his role in this yearbook. Throughout the year, your only contact with Philber has been as a mascot. We, the class of '57, have become rather fond of him and have asked him to assume the capacity of host.

As a hair-dweller, Philber has had many opportunities for extensive travels. His presence has been seen—or at least felt in classes, assemblies, homerooms, and even in the offices with the exception of one . . . the principal's. The reason is quite obvious! He has also attended all the sports events, social functions, and club activities.

We feel that Philber's background is sufficient to give you an extensive coverage of the past year at Ridley Township High School.

What is that? Who is this Philber you say! Biologically, Philber is a homo-echidnophaga gallinacea, socially he is a flea. Yes, and one of the nicest fleas you'll ever get to know. And now, we leave you under the capable supervision of our gracious host, Philber.

Dear Mom and Dad:

In the past few months I have had the opportunity for a great deal of thinking as I look forward to life after graduation. I am now more aware of the important role you both have played in making this possible. Without your constant guidance, inspiration and fine example, this dream would not be a reality.

I would like to say thanks for all the gifts, both large and small, which you have contributed to make my high school education a full, happy and successful one. For all the "little" things far too numerous to mention, but none the less important, I am deeply indebted to you. The kind word of encouragement and "pat on the back" when it was truly needed, mean more to me than words can express.

I also want to say that your unselfish work and your interest in my scholastic and social activities have not gone unnoticed. As I go out into the world, I hope to show my appreciation to you by living up to the high standards and fine example you have set.

Love,
Your favorite senior

SCHOOL BOARD

The students make the high school—its name, activities and reputation. The students also lower and raise the standards of the school but where is youth without the experience and guidance of adulthood? The source of assistance and careful planning that so effectively keep in operation the constantly turning wheels of the student machine is the Ridley Township School Board.

The chief responsibility rests on the President, Mr. Charles R. Perry, who is ably assisted by Mr. Albert L. Fullerton. This group of earnest workers has been faced with the acute problems of district expansion in recent years and has met them nobly. Not only have they coped with new situations, but great progress has also been made all around.

The Ridley Township School District is only as good as it's students, teachers, and directors. The team now working together on the School Board has a big spot to fill in an ever expanding district, and improvement is the password. The students speak for themselves, the teachers show high caliber and the directors, with the biggest job, do an outstanding piece of work. The class of '57 recognizes this effort and hails the School Board for a hard job well done.

ADMINISTRATION

Without order there can be no progress. The Ridley Township School Administration maintains this order and insures this progress with a firm yet unburning hand. With such a rapidly expanding area to supervise, the Administration's job is not an easy one. The constantly arriving problems are met and coped with as each year rolls by and each graduating class takes its place among the Alumni.

Mr. Robert Donato, Superintendent of Schools, is ably assisted by Mr. John O'Brien. Close to every student and class is another member, Mr. Ralph Sharer, our esteemed principal. Mr. Norman Ferguson completes the Administration's four members. It is through the hard work and tireless efforts of these men that Ridley Township High School is as fine as it is today.

Mr. Sharer confers with Mr. Ferguson on test results.

SECRETARIES

No organization could operate effectively or efficiently without a reliable secretarial staff. Here at Ridley Township we are fortunate to have such a staff.

The usual routine duties of any business organization are supplemented by jobs peculiar to school offices. Daily tasks include sorting mail, keeping attendance records, and distributing daily announcements. In addition there are responsibilities such as handling scholastic records, arranging parent-teacher conferences, conveying all news of activities or changes in curriculum to the student body. While carrying out their over-burdened schedule, the secretaries always manage a friendly smile and a lending hand whenever a student finds need for a pencil, pen, or just the locker keys.

The class of 1957 can only hope to encounter as fine and congenial co-workers in their chosen occupations.

THE CUSTODIANS

Without the loyal effort of a very important staff of Ridley Township, school activities could not function smoothly. When the students come to school in the morning they do not realize the hours that were spent the night before, cleaning up the litter of the previous school day. The custodians perform this and many other tasks. They keep the teachers supplied with the necessary tools and in general, make our school a comfortable and clean place. The numerous benefits, improvements, and repairs which are provided by this staff do not go unnoticed by the appreciative students.

Under Mr. Edward DiPaolo, Maintenance Engineer, this staff protects our school against the eroding effects of time, weather, and "teenagers." The well kept appearance of our building is a credit to the fine workmanship of these people. And Philber says, "Better work can be done in a fresh, clean atmosphere, and better health prevails as a result of the cleanliness."

GUIDANCE

Under the supervision of Miss Ada MacDonald, Director, the Guidance Department of Ridley Township, prepares our students for the future. As a unit, they guide the student toward a chosen profession, taking into consideration such important factors as student background, assisted by character and personality achievements of the student while in high school. Through the efforts of this department students are taught an understanding and responsibility of civic duties. The counselors assist each student; first in the proper selection of a course, and second in the selection of the proper career.

If a student feels that he wants to go to college but is financially handicapped, this department provides opportunity for scholarships.

Mr. Millikin, the school psychologist, administers the educational testing program throughout the school. By careful analysis of the results of these tests he plans the activities of many students on the basis of their individual aptitudes.

Miss McDonald advises Miss Schmidt on the typing of a letter.

Miss Snively helps Thomas Sangilo decide on his future plans.

James Wyatt plans his career with the advice of Miss Wasser.

LIBRARY

The library is the hub of the educational wheel, for material related to each subject can be found on the shelves. Here students may get the necessary information and material for their term papers, research problems, debates, and essays. Here, too, can be found various types of books, newspapers, pamphlets, and magazines to be used either for references or purely for the enjoyment of the students.

Under the capable supervision of Miss Virginia Coleman, the librarian, the girls who work there are trained to handle technical duties involved in the efficient functioning of a library. They are taught to arrange books on the shelves, and to file cards.

The library is open every period of the day, including a half hour after school. This way, students are able to make the most of their school library to gain a broader and fuller education.

Miss Coleman supervises the library.

LANGUAGES

To be able to communicate effectively with others is a necessity in the modern age. The language department's duty is to develop this technique.

English, our mother tongue, is taught in the seventh through the twelfth grade. The objectives of this curriculum are to instruct the student to read correctly, to express his ideas clearly, to enrich his vocabulary, and to develop an appreciation for and an understanding of literature.

With the diversified elements represented in America there is a keen interest in foreign cultures. The forign language curriculum affords an opportunity for increased knowledge. Students may select Latin, French, Spanish and German. Not only the language, but also the culture and customs of the particular country are included in the course of study.

Although two years of a foreign language is a college preparatory requirement, students pursuing other courses take a language to gain a broader understanding of a country and an insight into its way of life.

"Mathematics takes us into the regime of absolute necessity, to which not only the actual world, but every world must conform."—Russell

Mathematics is an essential in the chain of knowledge. It encourages thought and is necessary in all walks of life.

In Ridley Township High School, students have their choice of many aspects of the study of mathematics. The requirements for the college preparatory course are Algebra I and Plane Geometry. Electives for these students include Algebra II, Solid Geometry and Plane Trigonometry. For pupils of the General Course, two years of General Mathematics is offered. Boys specializing in vocational work take three years of vocational Math in the 10th through 12th grades. This course is related to and based on mathematical problems encountered in the shops.

The teachers of the department do their utmost to instill in the students the knowledge necessary to realize their ambitions.

SOCIAL STUDIES

Studying the achievements and errors of society is a valuable asset to all. It is the aim of the Social Studies Department, capably headed by Mrs. Frances Drake, to provide every student with a sound, well rounded knowledge of such subjects as: American and World History, Civics, Problems of Democracy, and Sociology.

Closely allied with these courses are field trips to places of interest ranging from observation of the county judiciary systems to tours of private enterprise and career conferences. These excursions are not only enjoyed by the students, but are also an integral part of Ridley Township's liberal education.

Because of this excellent program, our students are able to emerge from school into the world ready to take their place in society with a firmly-based stock of erudition of world affairs and American Democracy.

SCIENCE

The door to the ever expanding world of science is opened to the students of Ridley Township in the ninth grade. General Science acquaints the student with the fundamentals of the physical sciences.

Students who develop a scientific interest have the opportunity to pursue a more detailed course of study by taking biology, chemistry, and physics. The principles learned in these courses are tested and demonstrated in laboratory experiments.

Besides the traditional studies, applied science is offered to those students taking Industrial Arts. This course is concerned with the practical application of scientific principles.

With the foundation gained in these various fields students are prepared to take more advanced courses in college or to utilize their knowledge in industry.

COMMERCIAL DEPARTMENT

Our Commercial Department is ranked with the best in the area. With Mr. Francis Benischeck directing its activities, the course strives to teach its students sound practices that later help them to find better positions in the business world.

Some of the subjects offered are: shorthand, typing, business math, bookkeeping, secretarial training, clerical practice, consumer's education and banking.

Something unique which is offered to our students is the Thrift Club or Bank. It is run exactly like a savings bank and any student may open an account. This organization serves a twofold purpose; it gives the commercial pupils valuable experience and teaches sound banking principles to all other students.

VOCATIONAL DEPARTMENT

Our vocational department serves an important purpose in our community. It provides ample education in the fields of woodworking, machine tooling, automobile mechanics, and drafting so that our graduates may step into industry after graduation with a valuable and efficient knowledge.

In the automobile mechanics shop, the boys are skillfully trained by Mr. William Gorman in the repair, service, and operation of automobiles and leave the course with near professional abilities.

Under the capable supervision of Mr. Robert Aiken, the students in the vocational wood shop are taught the fundamentals of cabinet making and other forms of woodworking as well.

The entire program is under the excellent supervision of Mr. Mike DiGuilio and is equipped with the finest and safest machines and tools available. This training is vastly important to our students because we live in an industrial area where there is a constant demand for the skills that are so finely developed at Ridley Township.

HOME ECONOMICS

Miss Hampton inspects the progress of G. Brazas in Household Arts class.

It is an accepted fact that the future of tomorrow depends on its home-makers.

In our school an excellent course is offered in this subject. The Home Economics course instructs the students in cooking, sewing, budgeting, family and social relations, child care, menu planning, and other home-making tasks.

The superior training this course offers to the student can be used in a wide range of fields such as interior decorating, dress designing, dietary planning, restaurant managing, nursing and of course, home-making.

Home Economics is an asset to anyone who has taken the course. It provides vital training in an all important field.

Our Home Economics department is doing a commendable job in preparing these students for their chosen vocations.

CAFETERIA MANAGEMENT

Teachers and students find that the cafeteria is a vital part of our school. The staff serves a well balanced, hot or cold lunch which can be bought for 30c. And of course, there is Hoagie Day, occurring once a month. All food is tastily prepared to provide the student with an enjoyable lunch and a wide choice in menu.

Miss Norma Lash, the school's dietitian, plans the menus; and also advises her staff concerning the preparation of the food. Most of the food is subsidized by the government and this subsidy allows the cafeteria to serve a nourishing lunch at such a low price.

Students may take cafeteria management as a major or a minor in school. They help to prepare the food, serve it, work as cashiers, and maintain the orderliness of the cafeteria. The supervisor of Student Workers is Mrs. Ann Donohue.

Miss Lash prepares well-balanced meals for future weeks.

Mrs. Donohue checks deposit and daily records with office helpers, A. Boland and M. Cuniff.

R. Forsythe takes Mrs. Palanica's order for lunch.

ART

Developing the artistic talents of our students is the main objective of our Art department which is under the direction of Mrs. Ruth Palanica.

In addition to teaching the fundamentals to all ninth graders, advanced students are aided in developing their individual talents.

All phases of art are introduced to the artists and the most modern equipment is available. Included among the many classroom activities are oil painting, ceramics, paper mache work, transparencies, charcoal, pen and ink and water colors.

We are proud of the fine reputation our art department has made for us in both local and national competition. In the various poster and art contests our students enter throughout the year they always rank high.

The department is of great service to the school with its assistance in posters and scenery for shows and activities.

Cash awards for the poster contest are given by Mr. Benischeck to A. King, C. McGuire, and J. Beynon.

MUSIC

All freshmen are given a basic course which is planned to develop an interest in and an appreciation of music so vital to a well rounded education.

Variety in the electives offered in this curriculum broadens the knowledge and technique of the musically inclined. Some students find **Theory and Harmony** a valuable contribution to the advancement of their talents, while others prefer the enjoyment gained from the study of classical masterpieces in **Music Appreciation.**

The student body appreciates the fine work of the department which adds many hours of pleasure to the school year.

PHYSICAL EDUCATION AND HEALTH

In Ridley Township the popularity of "gym" class is rivaled only by study hall. Through our splendid physical education program everyone has an opportunity to "get in on the fun."

The boys play football, basketball, and softball during the year, while the girls divide their time among various indoor and outdoor activities. Ridley Township believes in a fine physical conditioning program for everyone and it not only gives the student an opportunity to improve himself physically, but also enables him to think quickly and clearly. In addition, this program provides instruction in the fundamentals of many sports.

Hygiene classes which are a supplement to our "gym" classes teach the pupils how the human mind and body function. Together these courses form the nucleus of a well rounded personality.

A turn of the key, a foot on the accelerator, and we're off for a spin in the Driver Education car of Ridley Township High School.

Teaching the fundamentals of driving and safety, Mr. Samuel Miller and Mr. Donald Ross give many students the ability and confidence to pass their driving tests and to remain careful and courteous drivers thereafter.

The Driver Education course is taught for one semester. During that time a knowledge of the parts of the motor, the care of an automobile, and how to handle traffic problems, is acquired by the students who have elected and enjoyed this course.

CLINIC

"Hey Mrs. Bergin! Got any aspirin? I've got a splittin' headache," is a common occurence during a typical day in the clinic. Behind the treatment of wounds and care of the students from head to toe, is the skill and patience of a registered nurse, Mrs. Erma Bergin, assistant to the attending physician, Dr. Larry Starer.

An indispensable part of the school, the clinic is well equipped and properly operated, and has been justifiably accredited as one of the most modern and efficient in this area.

An important yearly function of the clinic and its operators is the necessary heart and blood check-ups which certify good health for those students who wish to participate in athletics or band.

STUDENT COUNCIL

Indispensable—That is the word that would best describe the importance of the Student Council to Ridley Township.

The Council is composed of one elected representative from each homeroom, two secretaries chosen by the Council, and three officers selected by the entire school.

This year, as in those previous, Monitors regulated traffic between classes, Student Court punished violators of the student code, and students saw that the Bulletin Boards were kept up to date.

An innovation of this year's Council was the formation of a Breakfast Supplement Program, which enables students who usually skip breakfast in order to catch the school bus, to purchase food in the cafeteria before school in the morning. Under the careful sponsorship of Miss Ruth Wasser, the Student Council has gradually assumed an ever increasing share of the responsibilities connected with the maintenance of an efficiently planned program of activities.

Through this system, democracy is not only taught, but practiced at Township.

THE ARCHIVE

Hard working—well organized, that's the Archive staff. Each artist, proof reader, and typist has given freely and willingly of his time and effort to complete our yearbook, the Archive.

The preparing of the yearbook is a year long task. The work on the foundation begins at the conclusion of the junior year when the entire staff is chosen. During the summer, the editors meet and decide upon the theme, dedication and layout. These plans are submitted to the complete staff for approval, when school opens in September. Then the real work begins and continues throughout the school year.

Finally, on the last day of school, we gaze with pride on the finished product. Now for the first time, our efforts seem to be well rewarded.

Extra! Extra! Read all about it! The place to find all news of Ridley Township High is our own "Green Raider."

Throughout the years, we at Township have been immensely proud of our school paper. This school year was no exception and we take our hats off to Elaine Arndt, who served as editor, and to her capable helpers for a job well done.

PARENTS' CLUB

In order to provide a stronger stimulus for parent participation in high school activities, something new has been introduced—the Parents' Clubs. These organizations at the various class levels replace the Parent-Teachers Student Association of former years.

Parents have become better acquainted with one another, with the faculty sponsors and with members of the class, as they work jointly on dances and similar social functions. The teacher-parent-student relationship has been strengthened as the new organizations have met with great success.

Monday, September 15, was "Back to School Night" sponsored by the Student Council, but prompted by the parents requests. On this evening parents followed the full roster of their child on a 5 minute period schedule. This affords parents an opportunity to acquaint themselves with the new courses and teachers of their student.

We are truly grateful for their interest shown in us and the valuable time the parents have spent for our benefit.

NATIONAL HONOR SOCIETY

To be elected to the National Honor Society is probably the greatest honor that can be bestowed upon a high school student.

The members of this organization must exhibit Character, Scholarship, Leadership, and Service. They must give unselfishly of their time and energy for the betterment of their school. These students, whose diverse activities are directed by Mrs. Drake, truly exemplify the finest qualities present in our school.

At Ridley Township the annual induction service was held on March 21, and everyone will agree that it certainly was one of the most beautiful and moving assemblies of the year. Guest speaker, Richard Millman, Class of 1950, and a member of the society, gave an inspiring and stimulating talk.

BAND

We at Ridley Township for many years have been exceedingly proud of the record our school band, under the direction of Mrs. Marie W. S. Meissner, has made. This year was no exception and once again the band has done well everywhere it played.

Many people think it is the job of a high school band to just play and march at football games. Such is not the case at Ridley Township. In addition to providing entertainment at the games, our band holds annual music concerts, participates in parades, and also plays in various contests throughout the year. Every season we are proud to send Ridley Township musicians to the State Forensic Music Contest and to the District Band.

The Majorettes also play an integral part in the success of the Band and our fine Color Guard is second to none.

Once again a vote of confidence for our fine Band and may they keep up the good work in the years to come.

CHORUS *"Music is the harmonious voice of creation."* — L. Mazzini

Everyone in Ridley Township High, while walking through the halls 5th period, has, at one time or another, heard those melodious, well-harmonized voices coming from the portals of room 102. It is here that the Senior Chorus rehearses under the direction of that persevering personality, Mr. Lee Linn.

Chorus, a major subject, is no snap course and is designed to train, provide interest in, and enjoyment for students in music. The vocal portion of the music department has worked this year on all phases of choral music. Every audience found a well-rounded concert presented, each with enough popular, polyphonic, sacred and classical selections.

The Ridley Township Chorus rates highly not only in the high school, but also in the surrounding community.

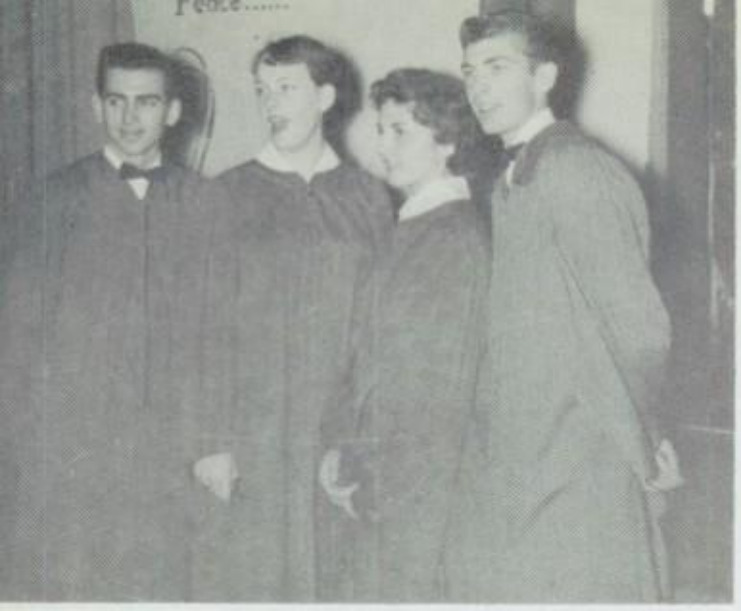
Baritone F. Thompson sings lead role in "Ballad for Americans" in Choral Concert.



In a last minute rehearsal, K. Rummel, H. Wood, J. Burnett, and W. Pepperman practice their parts for the Christmas Concert.

With the direction of Mr. L. Linn the chorus sings "Silent Night."

J. Larney sings a selection from the "Student Prince" accompanied by R. Ortalano.

An angel of the Lord appears to the shepards to announce the birth of Christ.

The tenor solo in "Russian Picnic" is given by W. Pepperman.

With the closing of the program the chorus sings the processional hymn.

Holliday, M. Plummer, G. Palmer.

VARSITY CLUBS

The combined Boys' and Girls' Varsity Clubs at Ridley Township work to provide better conditions in the sports program at school. Among their activities are policing at all home athletic contests, the selling of programs at all home football games, and the purchasing of jackets for the senior members. Any boy or girl winning a letter in a varsity sport is eligible for membership in the club.

Meetings are conducted regularly and talks are given at these meetings by outstanding sports personalities. Mr. DiGuilio and Mrs. Plummer act respectively as sponsors for the boys' and girls' groups.

BOYS' VARSITY CLUB—First row, left to right: S. Weber, R. Ulmer, S. Moss, D. Griffith, N. Edmonson, W. Pepperman, W. Blumberg, Mr. DiGiulio, Sponsor. Second row: L. Divan, R. Jackson, T. Evans, L. DRAMATICS—Learning the techniques and skills associated with acting and stage production is difficult but can be fun. The members of the Dramatics Club can vouch for this since it is their purpose. They are making remarkable strides in working towards a production under sponsors Mrs. Strehler and Mrs. Davis.

THE FUTURE HOMEMAKER'S OF AMERICA—The Future Homemaker's of America Club under the direction of Miss Camlin prepares the girls to become better citizens as well as homemakers. The girls went on two field trips this year, North Penn Joint High School and to the State Farm Show in Harrisburg. Also, during the year, the girls went to Fair Acres to entertain the elderly ladies.

FUTURE HOMEMAKERS' CLUB—First row, left to right: Miss Camlin, Sponsor; E. Hobelman, M. Gabriel, M. Stocker, S. Bauer, C. Harmes. Second row: B. Wiggins, B. Lankford, D. Averill, L. Andrews, M. Cahoone.

THE FUTURE NURSES—The Future Nurses Club acquaints the girls with nursing and related careers. It is under the capable sponsorship of our school nurse Mrs. Bergin. This year the members made a trip to Taylor Hospital to watch the children get their Polio shots.

FUTURE TEACHERS OF AMERICA—Boys and girls who are preparing to enter the teaching profession get off to a good start in F.T.A. They meet once a week to discuss problems of teaching methods, and take many trips to other schools to observe teachers in action. These same members also do some practice teaching during the course of the year.

Indian Island, supposedly a quiet, secluded spot, was suddenly livened up on March 22, during the presentation of the Junior Class Play, "Intruding on Horace."

Horace Welden, a noted historian, sought peace, quiet and seclusion in the Stanhope bungalow on Indian Island, New Hampshire—presumably vacated for the summer—in order to further his research on the Nineteenth Egyptian Dynasty. Despite the fact that Horace had no time for frivolities, his summer habitat was chosen as a "hide out" for thieves. He sheltered Loris, a "damsel in distress", hired her as his secretary, and with her constant help was able to make Indian Island a peaceful place once again.

"You know. I've suddenly lost interest in my history!"
Horace (W. Alexander) to Loris (J. Palmer).

On the night of April 26, the Jr. High School auditorium was filled to standing room only with relatives and friends of the Class of 1959. At 8 p.m., a great hush settled over the vast crowd gathered as the curtain rose on "A Case for Two Detectives," the first of the three-one act plays annually presented by the Sophomore Class.

The solving of a mysterious murder by two blundering detectives kept the audience in hysterics. Laughter and applause echoed through-out the evening as everyone present relived familiar trials and tribulations a teen-age boy encounters before a dance in "Teen and Twenty" and "His First Shave."

The athletic program we maintain at Ridley Township has long been a source of great pride to its students, alumni, and the residents of the Township. Over the years, we have compiled an enviable record in inter-scholastic competition, holding a winning record in practically every sport. The reason for these impressive records? Ask any athlete and you get the answer, "Our coaches are the greatest."

Since all coaches are traditionally overworked and underrated, we would like to give them a well deserved "pat on the back" for a job well done, and urge them to keep up the good work in the future.

FRESHMEN ELEVEN

This year's "Junior Raiders" had a terrific schedule to meet, and their 1-4-1 record was above pre-season expectations. Under the able coaching of Mr. Samuel Miller and Mr. Nicholas Di Franks, the boys learned much with respect to football and good sportsmanship.

Their experience will prove vital to the school in the coming years when members of this squad will take their places on the varsity lineup.

The team started off the season with a loss at the hands of a championship Haverford ball club, but then bounced back to hold a strong St. James eleven to a tie. Next came a win over Upper Darby, followed by three successive losses to Smedley, Ardmore, and Bala Cynwyd, all of them hard fought games.

For the second time in three years the Raiders, from the top of the hill, turned in a .500 season. Small in size and lacking in depth the players were big in one thing, their ability to fight back and hang on to the team spirit which has been synonomous with Ridley Township down through the years.

August 18 saw close to sixty candidates trying out for the squad. Five weeks of intense training followed and the spirited team opened the season under the arcs at Atlantic City. There they proceeded to play one of the finest games turned in by the Green and White in recent years—but also in a losing cause by the narrow margin of two points. The following week Township opened the season at home with a powerhouse Lower Merion eleven, and though the boys never let up, they absorbed a terrific physical pounding in the ensuing contest.

In the first Saturday game of the new season the Raiders took on an inspired Chester unit. And though the Clippers were out played, they managed to eke out a 14-13 decision. But the Township fight never died and things finally swung our way with a tough and rewarding win over Upper Darby. Abington proved to be a glorious victory for the team.

A new comer to the schedule, Interboro, sporting a fine club, journeyed to Township and played their finest game of the season, but they were forced to bow to the now rampant Raiders. One week later Ridley met a superior Haverford squad, who, after a tough fight came out on top. The team resumed their winning ways by defeating Cheltenham, but one week later was upset by an inspired Norristown eleven on a rain soaked field. As a climax to a comparatively successful season, Township handed the Oil Can back to Eddystone.

First row, left to right: Coach Womer, J. McNerney, D. Sellers, L. Warren, N. Webb, C. Fromal, R. Clower. Second row: S. Colgan, W. Davis, D. Martelli, L. Jones, D. Griffith, W. Stocker, B. Robins, G. Herman.

CROSS COUNTRY

The 2-8-1 record compiled by this year's cross country team is by no means indicative of the hard work of its members throughout the season. Coach Franklin Womer had his team practicing faithfully every day over our new 2.7 mile course.

The Raiders managed two wins over Springfield and a tie with Cheltenham. Larry Jones, Tom Jacobs, and Captain Don Griffith were the leading point makers for Township. Although the Raiders were not winners in Section One competition several of the decisions were close ones. Since only five seniors will be lost through graduation, Coach Womer will have a nucleus for a good squad next year. It is believed that with the experience gained this year, in the future the Raiders will be a power to be reckoned with in Suburban One.

SOCCER

On September 4, practice started for Ridley Township's first varsity soccer team. Our team became the newest member in the Suburban I soccer league. This was brought about through the great efforts of Mr. Robert Aiken, varsity coach and Mr. Edward Peters, his assistant.

The team started out the season with two impressive wins, beating John Bartram and Girard College J.V. Entering into league competition was too much to overcome. The team, under the leadership of Captain Bob Renner, played many exciting minutes of soccer and drew praise from opposing coaches and teams. Although the record does not look too formidable it is by no means an indication of the determination, the spirit, and the desire to win of our first soccer team. Congratulations to the newest Raider Team for bringing more glory to Township.

With September came not only the start of school, but also the start of another hockey season. Although most of our varsity players were lost through graduation, the team finished with a 3-3-1 record.

The splendid work of Trudy Plummer, Carol Keyes, and Doris Kohlbrenner on the forward line, and Brenda Hutson as goalie helped the team through many a tight spot.

After every action-filled game, whether a win or a loss, there was always the satisfaction of a game well played.

Prospects for next season loom brighter with the loss of only six players through graduation.

J.V. HOCKEY

This year's junior varsity hockey team enjoyed a relatively fine success in compiling a 4-5-2 record. They achieved their real goal in providing vital experience for future varsity players.

This fall the team was coached by Mrs. Dora Plummer, who acted as head coach and was ably assisted by Miss Alice Ditzler. The girls attended Hockey Day Camp at Nether Providence High School for two weeks preceding the regular season and gained much valuable knowledge and skill in the game.

We are confident this experience will aid our future hockey teams at Ridley Township.

GIRLS' BASKETBALL

Spirit was the keynote of this year's squad. Even though they were unable to win every game, the team made a good showing whenever it played. Although there were few veterans returning this season, a fine group of sophomores displayed wonderful ability, and promise future games in the win column in the years to come.

In her first year at the helm, Mrs. Ramont, did an outstanding job with the available material and can be commended on helping to uphold Township's fine record in interscholastic athletic contests.

FRESHMAN BASKETBALL

After a sluggish start, Coach Ed Peters' charges rapidly developed into a sharp shooting aggregation, which capped the season with an impressive 54-33 triumph over a highly touted Springfield team. Starting virtually from scratch, the boys overcame their lack of experience with speed and the desire to win. During the course of the season, several members of the squad displayed varsity potential, and should be instrumental in restoring Township as a basketball power in this area. So cheer up Mr. Wynn, things are looking up!

The problem that faced our J. V. team was the same that confronted the Varsity; no altitude. For the last few years Township has been plagued with a dire sortage of elongated basketball players. However, Mr. Altieri's charges overcame this handicap and managed to collect five upset wins over their towering opponents. It is hoped that with the experience gained during this campaign, next year may be a brighter one for Township basketball fortunes.

COURTMEN

This year's basketball season can be summed up in four words: almost, but not quite. Inch for inch, the diminutive Raiders were second to none. We were frequently outscored, but never outplayed.

However, with a talented array of fast developing sophomores, Mr. Wynn, our competent mentor, anticipates a brighter future.

The real measure of a team's success is not always in the win-loss column, but rather in a feeling of satisfaction that comes from knowing that we have done the best job of which we are capable. In this respect, our basketball team is of championship caliber.

VARSITY NINE

First row, left to right: J. Blair, L. DiCave, J. Naumann, L. Reiter, N. Madison, W. Haschak, W. Alexander, O. Womack, R. Adam, Coach. Second row: W. Wright, Manager, A. Brewster, J. Madison, J. Farkas, J. Dunn, W. Robins, A. Giomboni, W. Maloney, L. Divan, W. Campell, Manager.

An easy out! J. Madison scoops one up at third.

"Strike three" is the call as a Ridley Parker goes down swinging.

BASEBALL

Once again Township fielded a formidable nine. Under the watchful eye of head coach, Robert Adam, they experienced a better-than-average season against stiff Section One competition. A liberal sprinkling of returning lettermen provided the nucleus for an otherwise sophomore-dominated squad. A "first" in '57 was the formation of a J.V. Baseball team. In addition to developing varsity material, Coach Zehler's team enables many boys who don't possess varsity ability to nevertheless participate in the great American pastime. Congratulations to both coaches for another job well done.

B. ROBINS

You're out! Throw to D. Kohlbrenner beats C. Keyes to the plate.

L. Delaney connects for a hit in practice game.

T. Plummer makes the long stretch at first and B. Getty is out by a step.

SOFTBALL

This year our girls' softball nine is hopefully looking forward to an undefeated season. Because of the return of many experienced players from last year's excellent team, prospects are bright for this accomplishment.

Mrs. Plummer will coach the squad this year and everyone hopes it will be the finest team Township has ever fielded.

First row, left to right: D. Niece, R. Frazier, M. Plummer, G. Wenger, N. Warren, S. Gardner, I. Holliday, J. Rhodes, D. Keiser, B. Getty, Mrs. Plummer. Second row: S. Grayson, J. Fritsch, G. TRACK AND FIELD

This year's track team boasted a "new look" in the coaching ranks. Mr. Ross, our new head coach, made an auspicious debut in his initial season at this position. A small group of veterans, headed by state pole vault champion Norbert McNulty, provided the nucleus for an otherwise inexperienced team. After several weeks of a strict conditioning program, the squad began to practice in earnest for their individual events. With considerable assistance from Mr. Marion and Mr. Womer, Mr. Ross anticipates a satisfactory, although not spectacular, season against stiff section one competition.

J. Logan off to a fast start.

F. Iacano tops the 5' bar.

Flying high! N. McNulty displays skill that made him "STATE CHAMP 1956."

N. Edmon[illegible] and J. Fahey, limbe[illegible]

Three senior boys attempt to guard Mr. "Zip" Zehler.

Come on girls let's go!

"No More Teachers, No More Books"

At last school is over, now is the time to clean out our lockers. My, look at the mess we have accumulated over the year.

We return to our homerooms and receive our report cards over which the teachers have slaved.

Then we leave the building with fond memories of the school year which has just closed. For some there will be other such years, but for the seniors they will relive their high school years in cherished memories only.

JUNIOR ACTIVITIES

Now that our Junior Year is over and we are on the "Threshold of Graduation," let us look back on a few of the events that will be forever present in our minds.

In September, the members of the class started out with their "right foot forward" by paying their class dues, receiving their class rings, and selling candy, which, by the way, was a tremendous success.

Of course, no year, is complete without social events. So, along this line, the Class Party, the Junior Hop, the Assembly and the Class Play, which were enjoyed by all, were presented.

We, the Junior Class, are extremely grateful for these accomplishments to our class officers, our parents, and, last but not least, our sponsors, Miss Gibbons, Mrs. Moore, Mr. Downes, and Mr. Wagner, for their zealous and untiring efforts at all times.

SOPHOMORES

Returning to school in the fall, the class of '59 was full of vim, vigor and vitality. They put their first efforts into planning and enjoying their class party which was in the form of an authentic square dance.

The class of '59 took their sophomore year with leaps and bounds and presented a Christmas assembly on December 6, produced entirely by the class. The assembly was also enjoyed by the parents of the class on December 17.

Highlighting the class activities was the successful sale of Christmas cards.

Other important events of the year included 3 one act plays and in the spring another class party held in the manner of a square dance.

The class of '59 with the help of its enthusiastic sponsors is expected to obtain still higher achievements in the year to follow.

FRESHMAN CLASS

This year's Freshman class is probably the largest class ever to enter Ridley Township High School. They are not only large in numbers but also in spirit and ability. With the aid of class sponsors Miriam Camlin, head sponsor, Mr. Herbert Pless, Mrs. Elizabeth DiBerardinis, and Mr. Ted Beck the freshmen got 1957 off to a rousing start. It took them several weeks to get in the swing of things, but once they got moving, they went like a house afire.

After waging a very successful battle with the annual freshman magazine sales and thus lining the coffers of the newly established treasury, the class combined their talents and presented a wonderful assembly to the school. Not to be outdone by anyone else socially, the ambitious freshmen held no less than two class parties; both were resounding successes.

We hope this year's class will benefit by the experience of those who have gone before them, and lift the name Ridley Township even higher in the future.

MR. EDWARD PETERS

MRS. MARTHA BURKE

Class Sponsors

To you Miss Eni, Mrs. Burke, Mr. Cuppy, and Mr. Peters, we the Class of 1957 are truly grateful. Now, more than ever, we realize what a tremendous job it is to be a class sponsor. You certainly are directly responsible for making our years at Township the fullest and probably the happiest ones of our lives. For all the help you have given us when it was sorely needed, giving up most of your precious spare time and pitching in and actually carrying the bulk of our heavy burden, we extend our deepest gratitude and promise to follow the wonderful and industrious examples you have set for us.

In the last four years you have shown us much more than what is taught in the classrooms. Through your fine example you have helped us to become more aware of the work that is to be done in our adult lives. We have learned to stick with a job until it is finished and how to cooperate with others on a project for the benefit of all.

Class Officers

"Thank you." These few words represent a small return for an investment of a year's hard work. But how else can we express our deep appreciation for happily bearing the work, inconvenience, and worry that we have caused you in our last year at Ridley Township. It was not an easy job. You have devoted much of your spare time to class activities, presided over class meetings, and somehow managed to survive the Washington Trip. The fact that you managed to keep abreast of your classmates scholastically is a tribute to your versatility. In the future, when you reflect on your years at Township, always remember that you have one hundred and eighty friends, who are anxious to repay the many favors you bestowed upon us.

Class Representatives

Twelve members of the class of 1957 have been chosen by their classmates to be the official representatives of the Senior Class. In the eyes of their classmates these students have truly proven themselves worthy of the honor which has been placed upon them.

Since first coming to Ridley Township, these students have been leaders and have demonstrated honor, initiative, and perseverance. They have given unselfishly of their time and many talents, not only for their personal betterment, but also for the benefit of their class and of their school.

As a group, they partcipate in many varied activities. Every one of them has combined his best abilities with other unique and admirable traits which have made each a truly remarkable and outstanding individual. Together as a group they are indicative of the fine qualities revered by the class of 1957.

By choosing these twelve to represent our class we are not only honoring them for past achievements, but also for the promise of continued excellence in their future endeavors.

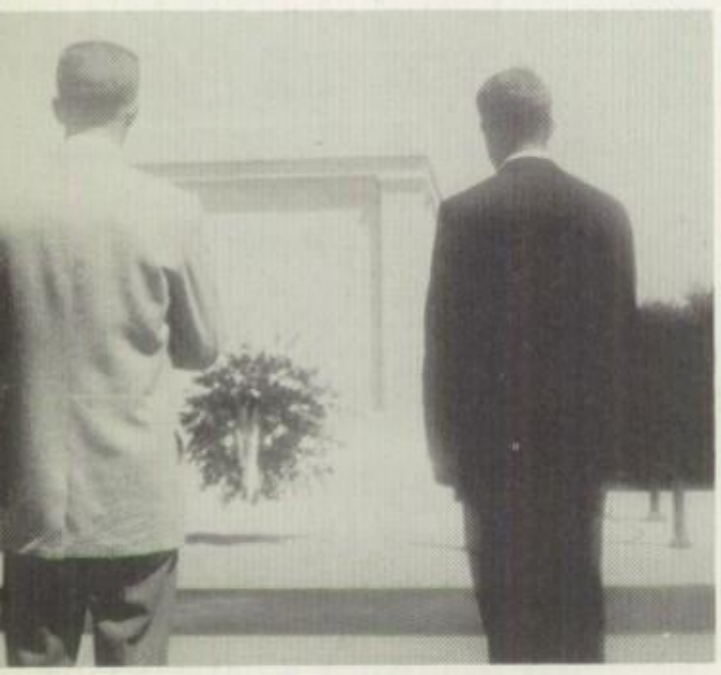
WASHINGTON, D.C. . . . .



A wreath is presented as a tribute at the Tomb of the Unknown Soldier by D. Griffth and N. Edmondson.

At 8:05 on the morning of April 29 the senior class began their annual trip to Washington, D.C. via the B & O Railroad. At Baltimore they changed to chartered motored coaches and made their first stop at Annapolis, Maryland, where they were given a complete tour of the impressive Naval Academy.

After lunch they motored on to Washington and visited the Capitol Building, the Supreme Court and then checked in at the Hotel Roger Smith.

On the agenda for the final day were the National Museum, Arts, and Industries, New National Museum, Washington Cathedral, Franciscan Monastery and Union Station.

This concluded a memorable and enjoyable trip and a tired but happy group fell off the train at Ridley Park, uneager to attend classes the next day.

SENIOR PROM

On the long awaited night of May 10th the Senior Class was transported to an "Eighteenth Century Ballroom." All the luxury and splendor of the time were exquisitely captured in every detail of decoration so capably handled by H. Weightman and committee. An 18th century air of elegance and grandeur, reigned throughout the evening except for an occasional reminder of the present day in the form of "rock and roll" beat out by the fourteen piece orchestra.

Queen and her court. Center: L. Bisciotti. Clockwise from left: D. Contestible, J. Klingerman, P. Eaton, and M. Johnson.

Below: "3 o'clock in the morning." G. Strummel, P. Michichi, and B. Gavetti sign out as Mr. Yeeles looks on.

"In an 18th century drawing room."
